

SelectCARE Plus is Wiseworth's most comprehensive planned maintenance program designed to protect your Ingersoll Rand Rotary Screw Air Compressor and support your SelectCARE warranty coverage.

SelectCARE +
planned maintenance

Consistency

Wiseworth Canada manages all planned maintenance, allowing you to focus on productivity and serving customers.

Reliability

Take advantage of predictive diagnostics and maintenance visits by certified Wiseworth technicians.

Productivity

Maintain confidence that your compressed air system is running efficiently - thanks to consistent attention from qualified professionals.

Flexibility

SelectCare Plus is available for all major compressor brands with renewable agreements from 2 to 10 years. Customers can pay monthly, quarterly, annually or in a lump sum for the term of the agreement.

Affordability

Parts and labour costs fixed for the life of the agreement. SelectCARE Plus customers also receive an additional 10% discount off of non-program labour and travel rates, OEM parts, equipment rentals, and other services such as leak detection, dew point analysis, and air system analysis.
